PROFESSIONAL SUMMARY

Engineering undergraduate specializing in Information Science with hands-on experience in AI, cybersecurity, and full-stack software development. Skilled in building intelligent solutions with a strong foundation in secure design and risk analysis.

EDUCATION

Dayananda Sagar College of Engineering — Bangalore, Karnataka
BE - Information Science and Engineering — Expected August 2027
GPA: 8.11

Ekya Schools — Bangalore, Karnataka
Class XII (PCMC) | 68.8% — 2023

Orchids The International School — Bangalore, Karnataka
Class X | 75% — 2021

WORK EXPERIENCE

FiniteLoop — Bangalore, Karnataka
Creative Intern — Feb 2025 - Feb 2026

- Authored technical and creative blogs to improve user engagement
- Contributed to content strategy and technical communication initiatives
- Produced structured documentation for digital platforms

PROJECTS

Soteria-AI – An AI-Powered Dependency Risk Analyzer — Aug 2026

- Built an AI-powered security platform that detects vulnerable software libraries and explains risks using local LLMs.
- Implemented vulnerability scanning, AST-based reachability analysis, and intelligent risk prioritization.

Cloud Security Posture Manager (Academic Project) — Jul 2026

- Developed a full-stack platform to analyze cloud configurations and emulated AWS environments for security risks.
- Built secure FastAPI APIs, compliance rule evaluation, and PostgreSQL-backed cloud security workflows.

Log Forensics Tool — May 2026

- Built a desktop forensics tool to detect security threats like brute-force attacks from system logs.
- Implemented risk scoring, IP geolocation, and interactive timelines of security investigations.

TECHNICAL SKILLS

Languages: Python, C, C++, JavaScript
Frameworks: FastAPI, Flask, Django, React, Gradio
Cybersecurity: OWASP, Cloud Security, Vulnerability Assessment, Risk Analysis
AI/ML: Ollama, Local LLMs, FAISS, Sentence Transformers
Databases: MySQL, MongoDB, PostgreSQL
Tools: Git, GitHub, Linux, VS Code, Figma, Colab

WRITING & DOCUMENTATION

- Technical content creation and blog writing on Medium and Substack
- Documentation development and structured content design for digital platforms
